JOURNAL

Volume 1 Issue 1

A humble effort toward the adjusting of the saints for the work of dispensing, for the upbuilding of the body of Christ

June 2007

Oh No, Not Another Newsletter!

There are plenty of newsletters in our world, especially in the business world. And have you ever been to a major bookstore and seen the magazine section? They have magazines for everything! Even in our newspapers we find ads, fliers, you-name-it-for stores across the world. There's one main reason for the tons of media sources out there: information! People want information whether it be for selling goods & services, ideas, data, news, etc. So I ask you, are there enough newsletters concerning the truth we hold so dear in the Scriptures?

Lord willing these efforts will produce fruit

Hence the birth of this journal. It's purpose is to share information, what's available out there, ideas/plans we have, announcements of what's going on, and some articles for you to chew on. "Plans?" you say. Yes, plans, and Lord willing these efforts will produce fruit. It's an age-old plan dating way back and it involves sharing the truth revealed in the Scriptures! And our plan is to be more evangelistic, letting as many as we can hear and read the truth in the hopes that some will believe much like Paul did with the Athenians in Acts 17. He spoke out to a crowd but only a few truly heard and believed. We know that the truth has never been popular, but that should never discourage us from sharing the evangel, and being Ambassadors of Christ!

We all have our callings and we believe this is ours. And this is not a hopeless battle! The numbers may very well be small and

disappointing- very unwise from a business point of view- but we have a Lord Who assures us of our glory in the oncoming eons! And what might be a dismal failure here on earth will be a glorious victory among the celestials at the dais of God and the dais of Christ (Ro 14:10, 2C 5:10). A wreath of righteousness awaits us (2Ti 4:8)! We are God's fellow workers planting and irrigating, but it's God Who makes it grow up (1C 3:5,6). It is our desire to plant some seeds of truth in the hearts of those who have yet to hear the truth, as well as to encourage growth in the lives of those who believe.

Believing on Him

It's hard and confusing when God puts a burning desire in your heart but yet so many worldly obstacles lay in the way. But that's how it usually works out and we have plenty of examples of that throughout the Scriptures. It all goes hand-in-hand with believing on Him as Paul beautifully describes in Ph 1:29-30. We all have our ordeals. We all suffer together in a way. And we should all remember that no trial has taken us but what is human, and that He will not be leaving us to be tried above what we are able, making a sequel, enabling us to undergo trials and ordeals (cf 1C 10:11-13). Sometimes it's just timing. God doesn't operate things in accord with our will, but His will. Just because one has a burning desire at a certain time doesn't mean it's necessarily the time to utilize it. So we pray that it is now the time that we start moving ahead and advancing with this ministry. Please keep us in your prayers.

In Him, Jean F. Douglas

Conference DVDs

In this issue we have listed 16 DVD sets that are currently available. We will have new ones coming out of future conferences as well as working on some older conferences.

MP3 CDs

In addition to the DVDs, we plan to make the conferences available on audio CDs. As many of you know we have taken over the late John Braucht's tape ministry and are already working on converting them over to the MP3 format as well.

Web Site

We are in the early planning stages of a website too. We are looking into making audio, video, photos, and few other things available online.

Resources

We look forward to making many different kinds of books and materials available.

Upcoming Articles

We are also looking forward to bringing you some articles from various writers. Please keep in mind that we are allowing our writers a certain amount of leeway in expressing their personal beliefs on scriptural issues. None of us believe exactly the same way and we should always be open to testing our beliefs and learning new things. So after you have read an article feel free to take up the matter with the writer. For your convenience we will include their email addresses.
